National Cybersecurity Awareness Month 2020 | NIH Event Series

NIH Office of the Chief Information Officer

Virtual Cyber Safety Family Day

Friday, October 23rd | Register here

Event Overview:
You’re invited to join us for one of four sessions hosted by the NIH Cyber Safety Awareness Campaign and the NIH Office of the Chief Information Officer.

These fun and interactive 45-minute sessions for NIH parents and their kids teach the basics of cyber safety through an engaging trivia game featuring real-life cyber safety scenarios on cyberbullying, social media, online privacy, and more.

Virtual Cyber Safety Family Day is designed for families with children age 6 and up, and NIH parent supervision is required.
