# eatify

Skip the line with this mobile app that features the brands you love

1. **Download the eatify app** through the Apple or Android store by scanning the barcode at right or searching “eatify.”

2. **Create an account upon opening the app.** As a first-time user, select NIH from the list of locations. Sync a credit card to your new account.

3. **On the home screen for NIH's eatify portal,** select the relevant image tile.

4. **Build your order using the menu that populates the screen.** Confirm your order.

5. **Pick up your meal or beverage at the pick-up time and location that you selected.** Be sure to check your inbox for three emails prior to pick-up:
   - The first to confirm your order
   - The second to indicate that your order has been started
   - The third to confirm that your order is ready for pick-up
