

Emergency Procedures for Exposure to Blood, Body Fluids and Infectious Materials

1

Immediately Initiate first aid at the worksite.

- ▶ Contaminated skin and wounds should be washed thoroughly with soap and water for 15 minutes.
- ▶ Contaminated eyes and mucous membranes should be irrigated for 15 minutes using normal saline or water

2

Notify your supervisor, if he or she is readily available

As soon as you have completed first aid at the worksite, go to the Occupational Medical Service (OMS) – Building 10, Room 6C-306

- ▶ The OMS clinic is open Monday through Friday 7:30am to 5:00pm and their number is 301-496-4411.
- ▶ When OMS is closed, promptly call the Clinical Center Page Operator at 301-496-1211 and ask them to page an OMS physician immediately.
- ▶ If medical treatment is needed, it should be initiated as quickly as possible.
