OSHA's Form 300A

entries are complete and accurate before completing this summary.

Log of Work-Related Injuries and Illnesses

Date Range: 1/1/2023 - 12/31/2023

U.S. Department of Labor

Occupational Safety and Health Administration

Form approved OMB no. 1218-

National Institutes of Health, Occupational Medical Service

had no cases, write "0." Employees, former employees, and their representatives have the right to review the OSHA Form 300 in its entirety. They also have limited access to the OSHA Form 301 or its equivalent. See 29 Bethesda, MD 20892 CFR Part 1904.35, in OSHA's recordkeeping rule, for further details on the access provisions for these forms.

mber of Cases				
otal number of deaths	Total number of cases with days away from work	Total number of cases with job transfer or restriction	Total number of other recordable cases	
0	0	0	0	
(G)	(H)	(1)	(J)

All establishments covered by Part 1904 must complete this Summary page, even if no work-related injuries or illnesses occurred during the year. Remember to review the Log to verify that the

Using the Log, count the individual entries you made for each category. Then write the totals below, making sure you've added the entries from every page of the Log. If you

covered by the form.

Public reporting burden for this collection of information is estimated to average 14 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Persons are not required to respond to the collection of information unless it displays a current valid OMB control number. If you have any comments about this estimate or any other aspects of this data collection, including suggestions for reducing this burden, contact: US Department of Labor, OSHA Office of Statistics, Room N-3644, 200 Constitution Avenue, NW, Washington, DC 20210. Do not send the completed forms to this office.
